General Dentist

Gust G. Kapetan, DMD

03/17/2016

Mr. Larry McDowell presented to our office for a consultation on the afternoon of Thursday March 17, 2016, when Mr. McDowell arrived he needed to be guided by holding on to someone in order to get places in the office; he will need to bring someone with him who can assist him in walking as it is a liability for the office staff to physically guide him themselves, Mr. McDowell will also need assistance in going over treatment, signing paperwork, and etc.

We Apologize for any Inconvenience,
